## **SUMMARY**

Hardworking and dedicated dietetic graduate with clinical and leadership experience. I am also proficient in PowerChart and Epic.

## **EDUCATION**

Bachelor of Science, Dietetics

California State University, Sacramento, Graduated December 2022

## **DIETETIC INTERNSHIP**

### **Sodexo Dietetic Internship**

448 Clinical Hours Completed at Adventist Health and Rideout. 128 hours spent in the critical care setting.

320 Food Service/Culinary Concentration hours at the Jackson Laboratory in Sacramento, CA.

136 Community hours at the Elk Grove Food Bank.

32 Long-Term Care hours completed at The Fountains Skilled Nursing Facility in Yuba City, CA.

## **WORK EXPERIENCE**

### **Sutter Roseville Medical Center, Roseville, CA – Diet Clerk**

May 2022 – January 2023

- I was responsible for gathering patient allergies and meal preferences. I then placed those preferences in CBORD and Menu Select. I also used Epic to communicate with other areas of the hospital. Finally, I supervised tray line to verify all the items on a patient's tray were compliant with their diet order and meal ticket. It was also vitally important to my job to have the utmost respect for patient confidentiality.

### **Safeway, Elk Grove, CA – Senior Food Clerk**

June 2014 – May 2022

- The positions I held were assistant produce manager, backup receiving clerk, closing manager and hiring manager. In my time there I worked my way to becoming a competent worker who could be flexible to meet the store's needs. At this job I learned leadership skills, communication skills, flexibility, initiative, and most importantly how to treat the public in a kind and helpful demeanor.
